IRA J. WELCH,
Clerk.

Ames, Iowa, Oct. 8, 1902.

President W. J. Kerr,

Logan, Utah.

Dear Sir:-

Mr. E. D. Ball informs me that he is an applicant for the professorship in Zoology, Anatomy, Physiology and bacteriology at your institution. Now, I have known Prof. Ball intimately for a good many years and can give him the highest kind of a recommendation as a thorough going scientist. Mr. Ball completed the work here at the Agricultural College both in ~~his~~ his bachelors and masters work and afterward pursued post graduate work at the University of Ohio. Mr. Ball has done an unusually large amount of excellent scientific work. It would give me great pleasure to hear of Mr. Ball's election and I am sure that you will be fortunate to secure so strong a man as Mr. Ball.

Yours truly,

L. H. Pammel
